PROFESSIONAL SUMMARY

Computer Science Engineering student specializing in Cyber Security with interest in practical and hands-on technical learning. Familiar with networking fundamentals, Linux command-line usage, web application basics, cryptography concepts, and database systems. Currently developing practical understanding through academic projects, workshops, and laboratory-based coursework.

EDUCATION

B.Tech – Computer Science Engineering (Cyber Security)
ITER, Siksha 'O' Anusandhan University, Bhubaneswar
CGPA: 7.86

CBSE Class XII – Science (PCMB)
Buxi Jagabandhu English Medium School, Bhubaneswar
Overall Percentage: 85.2%

CBSE Class X
Buxi Jagabandhu English Medium School, Bhubaneswar
Overall Percentage: 91.5%

TECHNICAL SKILLS

- Basic programming understanding in C, Java, and Python
- Familiar with Linux command-line environment and basic commands
- Foundational knowledge of computer networking concepts
- Understanding of basic cybersecurity and cryptography concepts
- Basic understanding of SQL queries and DBMS concepts
- Introductory exposure to Django web development
- Experience preparing technical documentation and academic reports

ACADEMIC PROJECTS

Individual Projects

SSL Certificate Study Project

- Studied the purpose and structure of SSL certificates.
- Observed certificate details such as issuer, validity, and encryption information.

Network Traffic Analysis Using Wireshark

- Captured and observed network packets in a controlled environment.

- Identified commonly used network protocols and basic traffic behavior.

Group Projects

Digital Clock Using 8086 Assembly Language

- Developed a basic digital clock program using 8086 assembly language.
- Learned fundamental low-level programming and timing concepts.

Sahayak (Prototype)

- Contributed to the development of an IoT-based worker safety prototype.
- Worked on monitoring environmental and health-related conditions for real-time alerts and workplace safety awareness.

GroveQuest

- Web-based platform helping users discover strengths, interests, and life goals through interactive quizzes.

SEMINARS & WORKSHOPS

• Participated in Cloud Community Days – Google, Bhubaneswar (2025)

• Participated in TechWiz 2.0 organized by CN 10x, ITER
